YOUTH EXCHANGE

IOUTH

About yourself, the community and the digital world we live in

Date: 21-29 May 2024

Place: Perloja, Lithuania

Co-funded by  
the European Union

# THIS PROJECT IS ALL ABOUT...

- Learn more about yourself,
- Understand technologies around you better,
- Connect with other cultures,
- Learn more how digital world functions
- Find new friends,
- Change your perspective about the world around you,
- Improve your English language (you do not need to have a perfect English to participate)
- Get new experience and discover new countries
- Have a chance to present your skills for local community

# HOW ACTIVITIES WILL LOOK LIKE?

IN OUR YOUTH EXCHANGE, WE WANT EVERYONE TO HAVE A REALLY GOOD AND FUN LEARNING EXPERIENCE. HERE'S HOW WE PLAN TO DO THAT:

Understanding technologies: We'll talk and experiment about how gadgets and tech stuff affect our lives. It's not just about using them but understanding how they shape the world around us.

Hands-on learning: You won't just sit and listen; you'll get to do things with your own hands. This way, you'll learn by trying things out and practicing.

Reflections: We'll take some time to think about what we're doing and what it means to us. This helps us understand ourselves better and learn from our experiences.

Non-formal education: Learning won't feel like a classroom. It's going to be more like a friendly, informal space where you can be creative and share your thoughts.

Cultural exchange: We'll share our traditions, stories, and ideas with each other. It's like making friends from all over and learning about each other's cool cultures.
